Core Competence

IEI is committed to AloT industry. In collaboration with our regional branches around the world, IEI aims at developing a complete AloT ecosphere and leading the industry by integrating our diversified hardware products with strong, flexible software.

Digital Transformation

To keep moving forward and to respond the advances of 5G and AI technologies, IEI has revolutionized its business model to a new generation – digital transformation. The purpose is to provide digital customer experience and service in customer relationships, achieve 24/7 non-stop operation, and offer a digital workplace for internal employees. IEI has started the implementation of MarTech, SaleTech and SerTech, and set the year of 2020 as the first year of digital transformation of IEI Group to elevate customer experience, establish automatic revenue and reduce operating cost.
